

Event

■ Celebrating December

Celebrate the holiday season in style in the **Paul Rudolph Duplex**, upstairs in the MODULIGHTOR Building. The *only* Paul Rudolph designed town house in New York City not currently 'on the market'. We're here to stay.

With wine and cheese - a great crowd of architects, designers, and enthusiasts all gather for a fun night of stimulating conversation in an amazing space. A fantastic way to start the weekend!

And of course, our charming and witty rabbit will be holding court amongst his many admirers. Hope to see you.

Open House

Friday 7th December 2012

6-8pm or so. Please arrive by 7pm as the gate will close.
